Subject → Application for Common room  
Respected Mam,

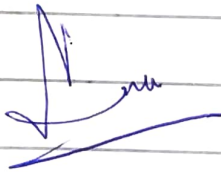

I, the student of your college, would like to inform you that we have no common room in Mata Gujari Block. As a result we have to face many problems. There is no such room here, where we can go and eat. The canteen are already full. Due to which girls start eating food and spending free time while sitting in the sun. As a result because of high temperature many girls are getting sick. Man I request you that you will give special attention on that problem

Yours Obediently
