

Anti-Drug Day Celebration

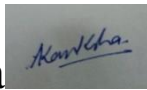

26 August, 2021

In line with the instructions from the Indian and state governments, the Buddy Group has celebrated Anti-Drug Day by organizing a poster-making competition. The students crafted visually compelling and powerful posters that aimed to educate their peers about the risks of drug abuse. The event not only encouraged artistic expression but also served as a significant step in promoting a drug-free culture in the society, with the winning entries being displayed across the college to inspire others. At this occasion Principal mam, members of buddy group & students were presented.

Dr. Sukhwinder Kaur

Dr. Akanksha Verma
