

No Tobacco Day

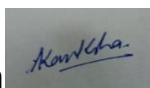

31st May 2022

No Tobacco Day Celebrated by Buddy Group in accordance with national and state government instructions. The Buddy Group took part in celebrating No Tobacco Day with a variety of educational and awareness-building activities. A health exhibition was set up to display the harmful effects of tobacco on both physical and mental health. The event included interactive sessions where students shared personal stories and participated in debates about the dangers of tobacco. The celebration aimed to foster a tobacco-free environment and reinforce the government's commitment to public health. At this occasion Principal mam, members of buddy group and students were presented.
